**PROBATE COURT OF STARK COUNTY, OHIO
CURT WERREN, JUDGE**

ESTATE OF: DONALD J. SCHRUMP, DECEASED

CASE NO: 248567

WRITTEN STATUS REPORT-JULY 21, 2025

The undersigned, Attorney for the Estate of Donald J. Schrump, submits this as the written status report on behalf of the Administrator Kristen Jenei. Previously, the inventory was submitted to the Court and on August 1, 2024, this Court approved the Inventory. Since that time, the Administrator has filed a Complaint to Sell Real Estate in case no. 252065 on April 4, 2025. All but one of the named parties has been served. This named party (Lukas Schrump) is one of the Decedent's adult children. Service by certified mail was returned unclaimed and ordinary mail was returned indicating failure of service. However, both adult children have verbally consented to the sale of the property pursuant to the complaint. Counsel is in the process of getting their consents so that the Administrator can proceed with the sale. A Guardian Ad Litem was appointed for the minor child of the Decedent and an answer was filed for said child giving consent to the sale. None of the parties have objected to the proposed sale of the property and counsel expects to be able to present an entry, with written consents within the next several weeks.

Once the entry is filed authorizing the sale, the property will be listed with a real estate agent and active attempts will be made to sell the property.

Once the property is sold, the Administrator will be able to file the final account in this matter. Administrator will need additional time to prepare the final account and close the Estate.
